Principales compétences

Data Science
Large-scale Data Processing
Large Language Models (LLM)

Certifications

Certificat de langue allemande A2.1
Introduction to Data Science in Python
Solidity programming for beginners
Certification Of completion : MongoDB
Machine Learning Summer Training

Ons Zammel

Big data student | python programming freelancer & teacher
Gouvernorat Tunis, Tunisie

Résumé

I'm an artificial intelligence enthusiast , self-Taught programmer and I love arts. A passionate learner aiming to reinforce her skills through practice. I seek opportunities and gather knowledge #

Expérience

#ExchangeAlumni - Alumni Affairs - State Dept.
Participant of a U.S. Department of State
juin 2022 - Present (1 an 5 mois)
Tunis, Tunisie

L'Art Rue - الشارع فن
Dream city volunteer
mai 2023 - octobre 2023 (6 mois)
Tunis, Tunisia

Dream city is an international festival that rises upon the horizons of modern arts and tunisian artistic dreams since 2007. As a volunteer I got into many disciplines from management, team working and advisory. Welcoming guests was the fun part as I got to network, learn about arts and artists that were involved in the community. I have always been passionate about music and Performance. Dream city was a sparkling environment full of youthful energy and commitment.

Yobi
Data Scientist
août 2023 - septembre 2023 (2 mois)
San Francisco, California, United States

Data science and Artificial intelligence development

TUNSA - Tunisian Space Association
advanced astrophysics team member
août 2022 - septembre 2023 (1 an 2 mois)
Tunis, Tunisie

InnoDeep
Bio Informatics Intern
août 2023 - août 2023 (1 mois)
Monaco

Pwn & Patch
Analyste de données
février 2023 - juin 2023 (5 mois)

Threat intelligence Solution : Application des approches sciences de données sur la cybersécurité.

ESEN AMBASSADORS- Marketing department
ESEN Ambassador
décembre 2021 - février 2023 (1 an 3 mois)
Tunis, Tunisie

Promoting my university ecosystem, activities and events via educational and cultural events.

IEEE ENSI Student Branch
1 an 4 mois

IEEE ENSI Computational Intelligence Society Chapter member
novembre 2021 - février 2023 (1 an 4 mois)

Data science| Artificial intelligence| Machine learning

Communication department-IEEE ENSI SB 2021/2022
février 2022 - juin 2022 (5 mois)
Tunis, Tunisie

Promoting IEEE Ensi events through social media, designing Posts and creating educational and fun content on the network.

RythmInno
Frontend Developer Intern
août 2022 - septembre 2022 (2 mois)
Chine

During this internship I've learnt React components and got familiar with its components.

Dar Blockchain
4 mois

Junior Blockchain developer
juin 2022 - septembre 2022 (4 mois)

web 3 development intern
juin 2022 - août 2022 (3 mois)
Tunis, Tunisie

This internship was a door opner for me to get in touch with web 3 culture, innovative technologies aswell as team working powerful impact on a project :
+ I've Practiced technologies : node js , express , mongo db , react , solidity , hardhat
+I've contributed to prototyping using Figma and basic UI/UX rules
+ I've grew solid knowledge about design patterns
+ It was also an opportunity to keep up to date with web3 culture and blockchain theory.

Soliya
Virtual exchange student
avril 2022 - septembre 2022 (6 mois)
Tunis, Tunisie

Enhancing soft skills such as communication and problem solving, English fluent speaking by debating with international students enrolling the same exchange program.

Formation

Institut des Hautes Etudes Commerciales de Carthage
Master's degree, Big Data · (octobre 2023)

Ecole Supérieure d'Economie Numérique Manouba
 · (2021 - 2023)

lycée dachraoui M9
Baccalauréat, Mathématiques · (septembre 2019 - juin 2020)

lycée Français PMF
Baccalauréat Français, Série Scientifique · (septembre 2018 - juin 2019)
